

April 5th 2013
Intel Northwest Science Expo
Portland State University

Dear Student,

You have received an award from TiE (The Indus Entrepreneurs) Oregon, the local chapter of a global non-profit organization that mentors startups. Your project has been considered to have entrepreneurship potential, which means your ideas can be translated into a real company.

Award Received:

1. Cash Award: \$200 for Outstanding Entrepreneurship Award or \$50 for Honorable Mention Entrepreneurship Award depending on what you received.
2. Annual Student Membership (\$25 value) at TiE. This will allow you to attend our events and workshops at discounted prices.

Past winners, Akash Krishnan and Matt Fernandez started their company Simple Emotion with the help of TiE. After receiving mentorship from TiE, participating in Startup Weekend program and pitching their company at a TiE PitchFest they were able to get funding, legal support and advice to start the company.

Please contact us to know more about TiE and to redeem your Cash Award and your Student Membership.

Best Regards,

Lakshmi Jagannathan
